The Grosvenor Hotel

Stockbridge is officially England's 'smallest town', the heart of fly fishing country with the River Test meandering through. Its wide high street was once a drover's road where vast flocks of sheep used to pass through en route from Wales. The Grosvenor sits in pride of place in this pretty Georgian town surrounded by beautiful countryside.

Traditional yet colourful, the hotel has been completely renovated to a very high standard by new owners, Simon and Teresa Henderson, with both the interiors and the fabulous courtyard garden designed by Lottie Keith. The bedrooms each have a warm, individual character, the food is contemporary and fabulous with excellent reviews. Dogs are very welcome too. StockenBridge in Stockbridge – it's meant to be.

Fine dining at The Grosvenor

We will use two dining areas, the larger River Room and the Library, a private dining room for twelve. Chef Viraj Athukorala came from Clos Maggiore in Covent Garden and is influenced by French cuisine and fine dining. Lunch is not included in the holiday but guests can enjoy a delicious lunch at The Grosvenor or check out local options a short walk away.

At breakfast, a round table groans with fresh fruits, creamy yoghurts and warm pastries; from the extensive cooked menu, order full English, fresh or smoked trout - and more!

Bridge with the Stockens

Zeb Stocken has many years experience of teaching and hosting bridge events, and whether you come as a group, in a pair or on your own, you can be certain of an instructive and enjoyable game adapted to your level.

Claudia – Zeb's sister – will ensure the smooth running of your holiday and their mother, Dinah will be joining the group to supervise and partner guests if needed. The bridge programme will be a mixture of teaching, supervised play and some duplicate or teams – all played in a fun and friendly environment.

The tuition sessions will use Compass Cards (set deals) and a fun topic tailored to the group. All bridge sessions are optional and open to all standards of play although we can only accommodate complete beginners if booked as a group of four. Water, tea and coffee will be available during play.

It is important to stress that our holidays are not aimed at the type of player who likes a serious 24-board duplicate every night. Our ethos is that bridge should be a friendly and social game where you can meet like-minded people, and our holidays reflect that. No partner is needed on a StockenBridge holiday.
