## Serre Chevalier

Serre Chevalier is the collective name for several traditional villages in the Guisane valley, stretching from the magnificent 12th century walled town of Briançon to the breathtaking Col du Lautaret with its glacial views.

Chantemerle is one of these villages surrounded by the outstanding rugged beauty of the southern French Alps and just 10 miles from the Italian border. This region has spectacular mountain scenery with a mediterranean climate, and is the sunniest in France, with 300 days of sunshine per year on average. France's best kept secret!

## Chalet les Marmottes

Chalet les Marmottes, situated in the centre of the old part of Chantermerle village, is an old French farmhouse, lovingly restored by Denis and Karin Lucas to provide accommodation for up to 14 people.

The chalet is typically alpine with exposed beams throughout and the bedrooms all have ensuite facilities. The living room with its log fire is full of character and the separate dining area on the first floor has a large south-facing balcony with fabulous mountain views.

There is also a private garden with decked terrace - perfect for well-earned aperitifs after bridge and walking.

## Food

Karin is an excellent chef and makes delicious home-cooked food with no pretensions, cleverly mixing traditional French and British cuisine. She is also a wonderful warm-hearted hostess where nothing is too much trouble and will do the maximum to ensure you have an excellent stay.

## Accommodation

In the chalet itself, there are five comfortable bedrooms on two floors, all individually decorated in a chalet-style with wooden floors, lovely mountain views and en-suite bathrooms. There are also two additional and more spacious apartments in the same building, with their own separate entrances.

Please note that there is no lift and the dining room is on the first floor. We can supply additional details of rooms and bathrooms on request. The rooms will be available from 4pm on the day of arrival, and need to be vacated by 10am on the day of departure.

## Guided Walks

There will be 2 walks during your stay - one half day and one full day - with an english-speaking mountain guide who will show you the flora and fauna and tell you about the local history. The mountains are absolutely spectacular in June with the wild flowers at their best and the snow-capped peaks contrasting with the azure blue skies.

### Col du Lautaret\*

You will be taken to the spectacular high mountain pass, the Col du Lautaret at 2100m to eat a gourmet picnic by a secluded lake, before spending the afternoon tracing the footsteps of the chamois and, time permitting, a visit to the the Jardin Botanique Alpin du Lautaret with more than 2100 species of alpine plants from around the world and superb views of the Meije glacier.

### River Clarée valley \*

Having been dropped off by minibus on the Col du Granon, we will head off by foot to the Refuge de Buffères in this protected and unspoilt valley for a “repas randonneur” provided by the very hospitable Claude and Nadette. The refuge, inaccessible to cars, is surrounded by lush meadows where marmottes can easily be seen basking in the sun. We will then take a lovely stroll back through carpets of flowers, past waterfalls and returning to the picturesque village of Nevache.

The walks are optional and will be tailored to the group, but will be easy and at a gentle pace. Transport and lunch are included. \*The trips may vary.

### Other Things to Do

With a packed programme of bridge and walking, you will have plenty to keep you busy, but here are a couple of other options:

#### The Old Town of Briançon

The old fortified town of Briançon is the highest town in Europe at 1326m and is only 10 minutes drive away. Take in its fascinating history, cobbled streets, interesting shops and wonderful views from the ramparts.

#### Les Grands Bains, Monetier

Relax in one of Europe's largest thermal baths with outdoor and indoor pools giving you a wonderful view of Monetier's glacier.

## Bridge with Zeb & Claudia

Zeb Stocken has many years experience of teaching and hosting bridge events, and whether you come as a group, in a pair or on your own, you can be certain of an instructive and enjoyable game adapted to your level.

Claudia – Zeb’s sister – will be on hand to ensure the smooth running of your holiday and, as a keen and experienced bridge player herself, she will also be supervising bridge sessions. The bridge programme will be a mixture of teaching, supervised play and some duplicate – all played in a fun and friendly environment. The tuition sessions will use CompassCards (*set deals*) and a fun topic tailored to the group. The other sessions will be supervised play or some form of duplicate.

All bridge sessions are optional and open to all standards of play although we can only accommodate complete beginners if booked as a group of four. Water, tea and coffee will be available during play. Non-bridge playing partners are of course welcome.

It is important to stress that our holidays are not aimed at the type of player who likes a serious 24-board duplicate every night. Our ethos is that bridge should be a friendly and social game where you can meet like-minded people, and our holidays reflect that. No partner is needed on a StockenBridge holiday.

## Travel Details

### By Air:

Turin airport in Italy is the nearest airport, with a transfer time of 1 hour 45 minutes. One of the British Airways flights from London Gatwick has good timings (*arrives Turin 17.20, leaves Turin 17.00*) and we will include airport transfers for anyone on this flight. Alternatively Ryanair fly to Turin from London Stansted and we can organise transfers from 45€ per person each way, depending on the number of people travelling. Otherwise there is a good choice of car hire companies for self drive from the airport.

Although Grenoble airport seems quite close, the transfer time is longer (approx 3 hours) due to the road closure at the Barrage du Chambon.

### By Train

There are scheduled services using Eurostar from London to Paris, and then SNCF TGV services from Paris to Oulx (Italy) for Serre Chevalier.

At Oulx there is a transfer coach to Briançon taking about 50 minutes, or we can organise a pick-up.

### By Car

After crossing the Channel by Eurotunnel or by ferry, Serre Chevalier can be reached in approximately 10-12 hours, via the Frejus tunnel and Montgenevre.
